Summer Camp...

The summer camp has finally arrived and we have arranged a very interesting and fun filled camp for everyone.

Our camp will include Taekwondo classes for all ages and all levels. The class will be a perfect introduction for children who have never taken a martial arts class before.

Also, it will be great for the students who are more advanced and eager to improve themselves for their next grading.

We will be hosting field trips to nearest attractions.

Students will be awarded a certificate upon completion of the camp.
